

STORAGE PROTECTORS

AN IRONCLAD BARRIER OF PROTECTION

Storage Protectors provides vital contents insurance and damage waiver coverage for self storage customers and mobile storage customers in the U.S. It is a reliable, affordable insurance solution for protecting your personal and business items. When you insure your contents with Storage Protectors, you access the market's most comprehensive barrier of protection and gain peace of mind that your property is protected at home, at the facility, or on the move.

Storage Protectors is an ironclad policy with the strength to protect your items. It is customized for your needs and underwritten by an "A" rated insurance carrier.

This A.M. Best "A" rated policy is designed to protect:

- **Contents in self storage facility**
- **Personal container contents**
- **Business container contents**
- **Contents within self storage, mobile storage containers, trailers, and vehicles**
- **The mobile storage container itself**

CLAIMS:

To file a claim, please go to www.storageprotectors.com and click on the claims link.

YOUR CONTENTS ARE COVERED

With Storage Protectors, you can rest assured that your contents are safe and secure no matter where they are. We offer a comprehensive shield of protection against a wide range of losses. It's a policy that is built to last.

- Contents within vehicles and trailers

*subject to the policy terms and conditions

STORAGE PROTECTORS VS. HOMEOWNERS' INSURANCE. THERE IS A DIFFERENCE

Why choose a dedicated supplemental policy over your homeowners' policy? Simple. You get a more affordable, more comprehensive layer of coverage with no risk of a premium increase should a claim occur. Storage Protectors offers:

- Minimal deductible vs. your homeowners' insurance deductible
- No risk of a premium increase with claims
- No need to buy extra coverage or add a rider to your homeowners' policy
- Broader coverage for your belongings while in storage
- Coverage for your items while in transit from the facility or your home
- A customized policy built specifically for storage needs
